This program is administered by Pharma Futures, Inc. of Greenwood Village, Colorado doing business as Physician's Rx Care (PRC). PRC believes that each cardholder has a right to confidentiality. When PRC cardholders process prescription claims, or contact one of our assistance team members, confidential health information may be shared and recorded. When health information, such as pharmacy claims data, is identified to an individual it is referred to under law as "Individually Identifiable Health Information" (IIHI). U.S. and state laws, healthcare regulations and PRC policies govern the protection and use of IIHI. PRC does not sell IIHI. PRC keeps its communications and records regarding our cardholders secure and confidential. PRC employees have been trained regarding the importance of protecting each cardholder's privacy. PRC permits access to IIHI only to individuals directly involved in providing cardholder pharmacy and health enhancement services, including medication therapy compliance, or to individuals responsible for monitoring services, providing technical or information management support, or other program-related activities. PRC limits IIHI access to the small number of individuals required for the PRC program. PRC provides access to individuals not involved in program services only with specific authorization from the cardholder or their legally authorized representatives. With your permission, your physician may authorize PRC to share IIHI confidentially with associates to assist you and your physician with your medication therapy. **By using your card, you acknowledge and agree that PRC may so share, have access to and use your IIHI for the program.**

PRC card will be available indefinitely, however PRC reserves the right to modify or discontinue this program at any time and is not responsible for any services of any participating pharmacy.
